Technical Data Sheet

Product series **VOT**
Product description **Orange polyester tape**

General Description and Typical Applications

A heavy duty single-side adhesive polyester tape designed for elevated temperature uses. Powder coating applications in particular are the prime focus of this tape that is designed to withstand intermittent temperatures up to 425F. Designed for clean removal and offers good initial adhesion properties. Ideal for die cutting applications as well.

Product Construction

Color(s)	Orange
Total thickness	3.4 mils
Backing thickness	2.0 mils
Adhesive thickness	1.4 mils
Adhesive type	Silicone

Product Physical Characteristics

Maximum temperature	425°F
Minimum temperature	Not available
180" Peel Adhesion	34 oz./in. width
Liner thickness (if applicable)	Not applicable

Storage, Shelf Life and additional information

Store under normal conditions at 70°F and 50% relative humidity out of direct sunlight. For best performance, use this product within 12 months from date of manufacture.
